

## **NOVA MEDICAL CENTERS ENSURE BRIGHTER HOLIDAY FOR KIDS WITH TOYS FOR TOTS**

October 2017 – Nova Medical Centers, based out of Houston, TX, is joining forces with the U.S. Marine Corps Reserve Toys for Tots Program for another year to ensure a bright holiday for thousands of underprivileged children. All 48 Nova Medical Centers are a Toys for Tots Drop-Off Donation Site where anyone can drop off a new, unwrapped toy for a child in need. They will begin collecting toys Monday, October 23, and continue until Friday, December 15. Everyone is welcome to join in their efforts by dropping off a toy at any Nova Medical Centers facility.

As a family-owned and operated company, Nova Medical Centers is proud to work with such a giving organization. CEO, Ulf Rohde, shared that, “This is an annual event that is a no-brainer for us. Nova is proud to partner each year with Toys for Tots in the hopes of giving kids a great Christmas. We hope you stop by and participate in spreading the joy this year.”

### **ABOUT TOYS FOR TOTS**

The U.S. Marine Corps Toys for Tots Program’s mission is to collect new, unwrapped toys during October, November, and December each year, and distribute those toys as Christmas gifts to less fortunate children in the community. The objectives of Toys for Tots are to help less fortunate children throughout the United States experience the joy of Christmas; to play an active role in the development of one of our nation’s most valuable resources – our children; to unite all members of local communities in a common cause for three months each year during the annual toy collection and distribution campaign; and to contribute to better communities in the future.

### **ABOUT NOVA MEDICAL CENTERS**

Nova Medical Centers began as a single facility formed 25 years ago in Conroe, Texas, to provide the highest level of healthcare to patients suffering from work-related injuries. Currently, Nova treats more than 40,000 injuries each year and sees more than 600,000 patient visits in 12 months. Nova operates more than 48 occupational medicine facilities across Texas, Georgia, Tennessee, and Indiana. For more information please visit:
