Nova Medical Centers Develops New Brand to Position for Future Expansion

Houston, TX —November 10, 2015—Nova is very pleased to announce that today it is launching a refreshed brand design building on the company's 23 year legacy of effectively treating injured workers and providing cost effective care in order to position Nova for future national expansion.

Nova Medical Centers continues to adapt and evolve to meet the needs of employers and payers in the ever-changing area of occupational healthcare. Our commitment and dedication to our patients, customers and employees has allowed Nova to become the nation's largest 100% pure workers' compensation provider. Our decision to update our branding reflects Nova's continuing evolution in the industry and our drive to remain a preeminent occupational healthcare provider.

Over the years Nova has developed many tools to enable our medical staff to treat injured workers more effectively and efficiently and return them back to work healthy and quickly. One of those tools is **occuflex**, our proprietary patient management software which has been instrumental in delivering high quality treatment, maintaining positive outcomes and achieving cost savings that our patients and customers are so used to receiving. Nova is committed to the continued development and improvement of all of our treatment tools and services to successfully lead our future expansion and growth.

To view details about the exciting changes we are making at Nova, we encourage you to visit our new website at www.n-o-v-a.com. Nova's new brand design reaffirms our continued commitment to clinical excellence and stakeholder partnerships while enabling us to meet future challenges with determination and innovation.

###

About Nova Medical Centers

As the largest pure occupational health provider in the nation, Nova treats on-the-job injuries, conducts pre-employment services and screens, and offers preventative services such as vaccinations and flu shots. Nova also connects with employers to maximize employees' health and get America back to work better and faster.

Nova Medical Centers has expanded its footprint across Texas, Tennessee and Georgia, and has most recently begun operating in Indiana. Nova treats more than 40,000 work-related injuries annually across its locations with an average claim closure rate of 14 days. Nova utilizes cutting edge real-time web-based reporting through its proprietary electronic medical system, Occuflex, which allows Nova's clients to remain constantly up-to-date with claim status. Nova Medical Centers continues to revolutionize occupational healthcare by providing the best occupational medical services possible.

Nova Medical Centers' dedication to its patients and recognized industry success by employers and insurance carriers has ignited the company's expansion. Nova strives to be accessible from coast-to-coast by 2023. For a full listing of Nova Medical Centers' locations, please visit n-o-v-a.com.
