Nova Medical Centers Set to Launch New Version of Occuflex

Houston, Texas (February 17, 2016) – Today, [Nova Medical Centers](#) announces the upcoming launch of a new and improved version of [Occuflex®](#) which will enhance the client experience by delivering real-time reporting for the full suite of occupational health services Nova provides.

For twelve years, Nova Medical Centers has delivered instant report access for select medical services in occupational health through Occuflex®. Nova is now poised to launch system improvements such as online bill pay, new DOT NRCME exam forms, Breath Alcohol Test results, Respiratory Fit Test results, and a workers compensation payor portal to name a few.

“Nova has successfully married efficient occupational health services and outcome based medicine with industry leading technology for over a decade. As a result, the employer market has responded positively which is evident in our rapid growth into multiple states in a short period of time,” says Bruce Meymand, Chief Operating Officer for Nova Medical Centers.

Occuflex® assists Nova Medical Centers’ clients by saving time and money when it comes to efficient occupational healthcare delivery. Nova’s free proprietary online application sends real-time reports and simultaneous communication to the company’s corporate risk department, district office, claim adjuster, case managers, and appointed team members to improve process management for all stakeholders.

Nova Medical Centers is dedicated to providing exceptional, turnkey services for the health and wellness of America’s workforce. This is due to the deliverance of unparalleled cost savings to employers through Occuflex®.
