## **Nova Medical Centers' Announces New Location in Marietta, Georgia**

**Atlanta, GA – May 22, 2014** – Nova Medical Centers, the nation's largest 100 percent pure occupational health services company, announced today that it will be opening its fourth Atlanta metropolitan area center in Marietta, GA.

This new center will join three Atlanta-based locations. The Marietta facility will be located at 1395 S Marietta Pkwy, Suite 212, Marietta, GA 30067. It will be open from 8:30 a.m. to 6 p.m., Monday through Friday.

*"Nova's goal is to deliver high-quality, affordable care that reduces indemnity costs and time off from work. As a result, we believe this will significantly impact the larger cost-drivers such as duplicate wages and loss of production," Bruce Meymand, Chief Operating Officer for Nova Medical Centers, said. "We feel Georgia employers will benefit greatly with this approach."*

Nova plans include an additional occupational healthcare clinic in Augusta, GA, in mid-July 2014.

###

### **About Nova Medical Centers**

As the largest pure occupational health provider in the nation, Nova treats on-the-job injuries, conducts pre-employment services and screens, and offers preventative services such as vaccinations and flu shots. Nova also connects with employers to maximize employees' health and get America back to work better and faster.

Nova Medical Centers has expanded its footprint across Texas and Georgia, and has very recently begun operating in Tennessee. Nova treats more than 40,000 work-related injuries annually across its locations with an average claim closure rate of 14 days. Nova utilizes state-of-the-art web-based reporting in real-time with our electronic medical recordkeeping database, Occuflex, to keep clients constantly up-to-date. Nova Medical Centers continues to revolutionize the industry with the purpose of providing best-in-class occupational medical services possible.

Nova Medical Centers' dedication to its patients and recognized industry success by employers and insurance carriers has ignited the company's expansion. Nova strives to be accessible from coast-to-coast by 2023.
