## **Nova Medical Centers' Medical Providers are all NRCME Certified**

**Houston, TX – March 13, 2014** – Nova Medical Centers, the nation's largest 100 percent pure occupational health services company, announced today that all of their medical providers are credentialed with the National Registry of Certified Medical Examiners (NRCME) for the Federal Motor Carrier Safety Administration's (FMCSA) physical qualifications standards and guidelines to perform Department of Transportation (DOT) physicals.

Nova Medical Centers ensures each of its health care professionals complete the necessary training and testing to meet the certification requirements for the evaluation of CMV drivers. Utilizing Nova's proprietary software, OCCUFLEX, all parties are able to access real-time, web-based reporting and medical information including DOT exam results instantly.

*"Nova Medical Centers is working as a beta test site with FMCSA to report an increasingly large volume of DOT physical exam data daily,"* Bruce Meymand, Chief Operating Officer of Nova Medical Centers, said. *"This type of innovation is why employers look to Nova as the leader in occupational medicine."*

For more information about the NRCME or to find Nova Medical Centers' credentials visit:

###

### **About Nova Medical Centers**

As the largest pure occupational health provider in the nation, Nova treats on-the-job injuries, conducts pre-employment services and screens, and offers preventative services such as vaccinations and flu shots. Nova also connects with employers to maximize employees' health and get America back to work better and faster.

Nova Medical Centers has expanded its footprint across Texas and Georgia, and has very recently begun operating in Tennessee. Nova treats more than 40,000 work-related injuries annually across its locations with an average claim closure rate of 14 days. Nova utilizes state-of-the-art web-based reporting in real-time with our electronic medical recordkeeping database, Occuflex, to keep clients constantly up-to-date. Nova Medical Centers continues to revolutionize with the purpose of providing the best occupational medical services possible.

Nova Medical Centers' dedication to its patients and recognized industry success by employers and insurance carriers has ignited the company's expansion. Nova strives to be accessible from coast-to-coast by 2018.
