## **Nova Medical Centers to Open New Facility in Tyler, Texas**

**Tyler, TX – September 10, 2014** – Nova Medical Centers, the nation's largest pure occupational medicine provider, is pleased to announce that they will be opening a new occupational medical center, in Tyler, Texas. The Tyler facility will be the company's 43<sup>rd</sup> open center out of a total of 46 locations across Texas, Georgia and Tennessee.

This new occupational medicine center will be the first Northeast Texas location outside of the Dallas/Fort Worth area for Nova Medical Centers. The Tyler facility will be located at 747 S Beckham Ave., and will be open from 8:30 a.m. to 6 p.m., Monday through Friday.

*"Our client corporations, payors and prospective accounts continually ask us to expand and deliver our outcomes-based results in poorly served workers' compensation markets,"* Bruce Meymand, Chief Operating Officer for Nova Medical Centers, said. *"As such, our growth into Tyler, Texas, will lower costs further for all Northeast Texas stakeholders."*

The center is scheduled to open for business in mid-September 2014, just weeks before the opening of another center in Midland, Texas.
