Nova Medical Centers Announces Free Around the Clock Physician Tele-Triage Service

Houston, Texas (April 24th, 2019) - Nova Medical Centers, one of the nation's top occupational medicine providers, is introducing its free Physician Tele-Triage service.

Nova Medical Centers' Tele-Triage provides 24/7 access to licensed physicians who can safely and effectively assess and recommend treatment direction for injured employees with a simple phone call. This free service offers timely facilitation and appropriate treatment direction of injured employees to the proper level of care around the clock.

"We are proud to offer our clients an effective triage option around the clock" says Bruce Meymand, Nova Medical Centers Chief Operating Officer. "A Nova physician is available 24/7 to telephonically triage our client's work-related injuries, recommend the appropriate level of care and help avoid unnecessary and costly emergency room visits."

For more information about Physician Tele-Triage or Nova Medical Centers, please visit www.N-O-V-A.com.

About Nova Medical Centers – Home of Occuflex®:

As the largest 100% occupational health provider in the nation, Nova treats on-the-job injuries, conducts pre-employment services and screens, and offers preventative care services. Nova connects with employers to maximize employees' health and get America back to work better and faster.

Nova Medical Centers operates 49 occupational medicine facilities across Texas, Georgia, Tennessee, and Indiana and has more than 700,000 patient visits and treats over 40,000 injured employees each year. Locations have an average claim closure rate of 18 days and a 97% same-day return to work rate. Nova Medical Centers provides work injury care services, pre-employment testing, drug screens, physical therapy, and online medical reporting.

Nova utilizes real-time web-based reporting through its proprietary electronic medical record system, Occuflex®, which allows Nova's clients to remain constantly up-to-date with claim status. Nova Medical Centers continues to revolutionize occupational healthcare and strives to provide the best occupational medical services possible.
